Starrett PRO SITE™ SERIES

Measuring Tapes

- FEATURES:**
- Ergonomic non-slip over-molded grip, comfortable to hold and easy to handle under any working conditions.
 - High visibility, impact resistant case.
 - Robust cam-operated lock for positive locking.
 - Heavy-duty, nylon coated blade is three times more wear resistant.
 - Tough Tip® Stainless Steel Blade Protector - greatly reduces blade breakage under the severe demands of the job-site.
 - Shock absorbing blade bumper cushions the impact of the blade when it's retracted, ensuring longer tip and blade life.

- S1 GRADUATION:**
- Graduated in 1/16" on both edges.
 - Numbered in consecutive inches to 1' and repeat on one edge and consecutive inches on the other edge.
 - Blades have studs marks every 16" on English lines, and truss center marks every 19.2 inches.

XY1-30	30		-67672	19.80

Starrett Rapid-Eights™ Measuring Tape

w/ 1/8" readouts on the blade

- FEATURES:**
- Blade automatically locks when thumb pressure is released, eliminating "snapbacks" and allowing you to control the return speed of the blade.
 - Convenient top thumb control lever eliminates accidental blade retraction which commonly occurs on tapes with lock that are mounted on the bottom of the case.
 - Case has contoured shape and top rubber grip and a bottom finger groove, making it comfortable to hold and easy to grip.
 - Heavy-duty blade with Tough Tip® End Hook for longer life.
 - Rugged impact-resistant case in high visibility color.

This ControLok® design tape features convenient 1/8" fractional references clearly marked on the blade, making measurements easier and faster to read.
